

LIUVYS PEREZ

Frontend Developer | UX-Focused UI Implementation

+19546274743 @ liuivysp@gmail.com www.liuivys.com Pennsylvania, USA

PROJECTS

Nexus – Accessible Global Awareness Web App

React, TypeScript, Tailwind CSS 2026

- Role:** Built a responsive React + TypeScript application using component-based architecture and Tailwind CSS to deliver a scalable, mobile-first interface.
- Goal + Result:** Standardized reusable components and layout patterns, improving UI consistency and simplifying cross-device development workflows.
- Highlight:** Achieved a 100 Lighthouse accessibility score by implementing semantic HTML5 and WCAG 2.1 AA-compliant design and interaction patterns.

La Coco Designs – Conversion-Focused Website

Custom WordPress, PHP, CSS3 2026

- Role:** Developed a custom WordPress theme, translating Figma wireframes into a fully responsive, production-ready frontend.
- Goal + Result:** Collaborated with a team to implement frontend features. Proposed booking integration that improved user flow and reduced friction in the conversion process.
- Highlight:** Refactored CSS into a scalable architecture, improving maintainability and reducing layout inconsistencies across devices and screen sizes.

Mudhook Brewery – UX Strategy & Interactive Prototype

Research, Wireframing, High-Fidelity Prototyping 2025

- Role:** Led end-to-end UX research and design in Figma to modernize the digital presence of a local business via fully interactive prototyping.
- Goal + Result:** Used user personas and journey mapping to identify and resolve navigation bottlenecks, improving task flow efficiency for purchase-related actions.
- Highlight:** Created a scalable design system with reusable components and standardized UI patterns, improving consistency and enabling efficient developer handoff.

EDUCATION

B.A. Graphic Design & Media Arts

Southern New Hampshire University

Expected 2028 Pennsylvania, USA

A.A.S. Web Development & Design

Harrisburg Area Community College

Completed 2026 Pennsylvania, USA

SUMMARY

Motivated **Frontend Developer** with 2 years of experience building responsive, accessible interfaces using React. Proficient in modern JavaScript and CSS, leveraging AI-driven tools to enhance efficiency. Looking to bring clean UI work and a strong UX instinct to a product-focused team.

SKILLS

Development

- JavaScript (ES6+)
- React
- PHP
- WordPress
- HTML5
- CSS3
- Tailwind CSS
- Bootstrap

Design

- Accessibility
- Mobile-First Design
- Responsive Layouts
- Design Systems
- Figma
- Wireframing
- Prototyping
- User Journeys

Workflow

- Git/GitHub
- Chrome DevTools
- Debugging
- VS Code
- GitHub Copilot

Strengths

- Collaborative
- Self-Directed
- Attention to Detail
- Clear Communicator
- Problem Solver

Languages

- English
- Spanish
